Altaya, the golden triangle

Naya Residences is located in one of the most exclusive areas of the Costa del Sol, in the vicinity of El Paraíso and Atalaya, strategically situated between Marbella, Benahavís and Estepona.

In this context, the Altaya area stands out, specifically in the Camino de Cortes area, where Naya Residences is integrated along with other high-level residential developments developed by Brosh, such as Nyra, Orum and Kora.

A rapidly developing enclave, carefully harmonized with the surroundings and established as one of the most attractive residential areas in the so-called Golden Triangle.

THE PROJECT

A premium lifestyle designed for well-being

Naya Residences is an exclusive development of 88 two- and three-bedroom homes designed to offer a new way of living on the Costa del Sol. Located between El Paraíso and Atalaya, in the heart of the Golden Triangle, the project combines contemporary architecture, spacious outdoor areas, and comprehensive resort-inspired communal spaces, along with a strategic location near the beach, golf courses, Puerto Banús, and Marbella. This residential complex is designed for those who value elegance, comfort, and privacy, with the guarantee of a direct purchase and personalized service.

COMMON AREAS

Spaces designed for well-being

At Naya Residences, the communal areas have been designed to bring a resort-inspired residential experience to everyday life, where well-being, tranquility, and comfort are seamlessly integrated into daily routines. Two swimming pools, a gym, a social club, a hammam, a sauna, gardens, and a street workout area are all part of a carefully designed environment.

The interior design of these spaces has been developed in collaboration with Gunni & Trentino, providing a contemporary aesthetic and special attention to detail that reinforces the exclusive character of the complex.

INTERIORS

Experience the Mediterranean from within

Naya Residences has been conceived with contemporary architecture that prioritizes natural light, spaciousness, and a seamless connection between interior and exterior. Each residence reflects a carefully considered design, where functionality and aesthetics are harmoniously integrated to create elegant and comfortable spaces.

The selection of materials and finishes was based on criteria of quality, durability, and aesthetic coherence. Integrated kitchens, contemporary bathrooms, large-format flooring, and expansive windows create bright and timeless interiors, designed for everyday well-being.

Attention to detail in every element, along with careful execution, defines a project that raises the residential standard and offers a living experience where comfort, quality and design coexist in perfect harmony.
